Bogotan Elections.

PANAMA Aug 28—The elections on August 4th in Bogota were accompanied by serious disorders The state government wished to control the elections They only established four polling places in a city of 50 000 inhabitants and put those under control of their own people Adherents of the other party could not get to the ballot boxes to deposit their votes Confusion and disorder naturally arose as party spirit was very much excited State troops posted themselves in the towers in the neighboring churches, and fired upon the crowd killing one or two and wounding several This broke up the election and as all the votes cast are in favor of the state government a party they have fully succeeded in carrying the day, unless the congress should order the election void

CANADA.

The Oar.

TORONTO Sept 6—The Oarsmen Lake race between Hanlon and Courtney is off and a new match has been made to take place at Lachine Oct 3d distance five miles with a turn The race will not be for championship but for a purse of $11 000 $6 000 of which will be supplied by the city of Montreal

THE RAILROAD MONOPOLY

Rates have recently been doubled by the Union and Central Pacific monopoly The managers are emboldened to his by their success in defeating the Northern Pacific extension bill Put Mr Mitchell's laborers speeches against the bill to make the great monopoly pay interest on its bonds, with his action toward the Northern Pacific and the recent advances on overland freights together, and see if it does not fit in together as one consistent and thorough scheme On the increased rates of freight the *United States Economist* (New York) of August 31, has these remarks

To give some idea of this advance as it affects domestic dry goods A case of prints will average 720 yards weighing 400 pounds At 1 cents per pound the advance (tariff) it will cost to land it in San Francisco $4 or 2 cents a yard The price paid in this market for the cottons will average 5 cents per yard The new freight charges add at once 40 per cent to the cost of the goods A case of bleached cottons containing 1 000 yards will weigh 400 pounds the cost added to these goods per yard will be 2 cents On a bale of brown sheetings (4 000 yards) 2 cents per yard It is safe to estimate the enhanced cost on all domestic fabrics in boxes and bales at 40 per cent per yard It is not charged that the Pacific Mail Hill of steamers are guilty of but it is said they all will advance their rates to the highest charge they can get Every clipper ship is ready to be put on the berth now occupied by steamers at two thirds of railway freights Thus a large body of tonnage is thrown out of employment, an enormous item in the commerce Fine vessels are being sold by auction at ruinous sacrifices, and will not be used on the ocean Vessels owned by a veteran ship owners say they would be glad to get out of the business at a loss of 50 per cent rather than be subject to the uncertainties of the Pacific Railroad monopoly Ship owners are petitioning congress to be relieved from the tonnage tax, which is the only tax levied by the United States government Ship owners say they will not pay it any longer, and the Pacific Railroad monopoly will not be allowed to collect it

The height of editorial ambition is reached in securing Mr Gladstone as an early contributor to the *North American Review*.

Good Words for Washington Territory.

A San Francisco correspondent of the *Commercial Reporter* relates the following interesting incident that occurred at the Centennial exhibition, but which has not heretofore been in print

An incident serving to illustrate what is everybody's business is nobody's concern happened under the notice of the gentleman who related the circumstance to me California pretended to make an exhibit at the centennial Oregon succeeded in attracting to her almost immediate self a large share of interested curiosity which resolved itself into substantially expressed praise and among the transient exhibits of other dominions appeared an exhibit by a colored man of wheat grown in Washington Territory, embracing every known variety this man had judiciously cultivated bringing each specimen up to a standard of perfection never attained by the careless husbandmen For completeness it was a model showing how much beauty could be evolved in the arrangement of what in grain is dismal in bulk The Hon Mr Luttrell naturally jealous of the reputation of a state which has been lauded as the most bounteous beneath the skies after viewing the colored man's display stopped at the Oregon department with a scowl of disgust upon his brow Upon being interrogated by our representative as to what happen what appeared to be the trouble the gentleman replied. It is enough to shame us all that one single man and he a negro from Washington Territory has made a better display of wheat than the whole state of California

Battle Peyton and S S Prentiss

[From the New York Times]

It is related of the late Bailie Peyton of Tennessee that he was a great admirer and friend of Sergeant S Prentiss, the gifted New Englander who went south and gained such a reputation for oratory At a Whig mass meeting in Nashville in 1844 Prentiss made an unusually brilliant speech and not being very well fainted from exhaustion at the close Peyton believing that such a speech had never been delivered before, was extremely enthusiastic and bending over the orator's unconscious figure exclaimed, Don't come to, Prentiss Now is your time to die for this is the completion and culmination of your fame Prentiss did not follow the advice He lived six years after that and died at 41 having achieved the fame of one of the most eminent of American orators Many of his admirers regard him as superior to Henry Clay

Good Medicine for Dogs

[From the Philadelphia Record]

The city of Paris has adopted a plan of dealing with tramps which is characterized as a great success In cases where vagrants lodge in the station house the prisoners are chained together and set at work breaking stone upon the streets Employment of this kind is a treatment to which few select lodgings Hereafter convicted cases and vagrants no longer lodge by the lakeside

Judge Bradley T Johnson argues in an elaborate paper in the *American Law Review* for July that the states of the union can be compelled by judgment of the supreme court supported by the force of the union to pay their debts when they have practically repudiated them.

A BROTHER'S MURDER

From the Coos Bay News Sept

In compliance with a telegram from Sheriff Lowe we went to Empire City to day to hold an inquest on the body of Charles Bennett who was killed on the 29th ult by Deputy Sheriff Dan Bennett, a brother of the deceased, while he was trying to arrest the latter, which he was to suffer the extreme penalty of the law with the greatest fortitude and a total disregard to life Dan Bennett was taken before Justice Hall and a jury empanelled, when the following facts were elicited Dan Bennett testified that he had been at the house of his father the night before and had threatened them He left but said he would be back that night that the first man he met he would kill and no one but him but that he did no good He was just the same and could do so they all had requirements with which he could not comply they all required him to forgive the wife and family but him that he might keep Orphan Hogan and Mr Hazard to remain at the house to protect them and could do and while he felt so he was going to be home with himself and not say he had If he was at liberty under the circumstances he would do as he had but with the experience he had since he would try and avoid it if he could He requested his attorneys who were in the prison not to leave him but to accompany him on the scaffold he wanted to minister justice for himself for which they had taken him but he said he wished to be surrounded by good men at the last he also urged Mr Hazard to remain At about 2 o clock she did When came into the jail and asked him if he was ready, he replied I am not ready but about as ready as I will be In a few minutes after was Deputy McIntosh came in and offered him some liquor He replied at the small quantity and at the gentlemen present and said he was not in the habit of drinking in the presence of gentlemen and not treating but after some urging he drank saying, Well, here goes for the last time If I think stepped to the window and took a view of the scaffold and said Well I do not know but I think I am not afraid and can die without flinching and I feel that there is something within me that may cause Jeff by hanging but what it is or what will become of it I do not know The sheriff then reminded him that the time was about up He requested permission to take a walk before the execution, but was very properly denied He then offered his arm to one of his prisoners and thus followed the sheriff on to the scaffold with a firm and decided step as any man who is sentenced that day When he cross d the platform he carefully avoided the trap and while the sheriff read the death warrant not a muscle quiver d but he stood there apparently as little interested as any of the spectators After reading he called for Clerk Stuff, who came upon the scaffold and to whom he talked awhile In substance repeating what he said in jail The supreme moment had come and he was evidently talking against time The sheriff again reminded him that the time was short He then pinioned his prisoner and took his place on the trap and his feet tied Then the sheriff placed the black cap over his face He said Oh hell, don't haul that over my face

At 3 59 the sheriff bid him good bye the trap sprung and Lewis fell six feet through space his neck was broken he died without a quiver Dr Golden and Scott pronounced Life dead in about ten minutes after he dropped but he was practically dead the instant he fell

Lewis was 51 years of age but in appearance he not exceeding 40 he was an American by birth and in religion a compromise between an infidel and a spiritualist but without any fixed belief or faith He was about 5 feet 10 inches high weight about 175 lbs, a man of average intelligence but limited education not a man whose appearance would lead a criminal The crimes which culminated in his death on the gallows, it was generally understood are too horrible to relate Several years ago his father and a number of brothers and a brother in law settled on the Coquille very little being known of the family until the years ago If Lewis the father to revier, was nominated by the Republicans to prevent this county in the Legislature he next occurrence of note was the report that brother Lewis went to the field where J F Lewis his own brother, was plowing and shot him dead in the furrow and then made his escape The county court offered a reward of $300 for his arrest, and nearly a year ago was arrested on Washington territory It appears that there had been family troubles dating back many years Many dark pages remain unwritten but the immediate cause of the trouble is over a daughter of brother Lewis who is said to be the mother of a child by her own father and it appears that J T Lewis took an active part in taking this girl from her father's to her grandfather's, as it is claimed, to get her out of her father's control but as brother claimed for a different purpose The cases of both are appealed to a court competent to decide justice be ween them.

JOSIE a yearling filly by Gen Fleury dam Josie. This filly will be enrolled in the forthcoming Percheron Norman Stud Book having five crosses from Percheron sires.

ELLEN a 2½ yearling filly by Gen Fleury dam Maggie

The above seven horses are the most valuable breeding animals of this stock ever offered for sale on this coast and will be a valuable acquisition to any section they may be located in

I would prefer selling the whole lot together

I will have part of the above number at the coming State Fair

Also ARABIAN PONY some yearling Colts and Fillies with the Steel and Ponies, and suckling Shetland filly "Minnie"

It is 7 years since the Percheron stock was introduced in Ohio he secretary of the Ohio Board of Agriculture J M Applegate Esq publishes in his recent annual report replies received from the various counties in the State to the following questions Have the Percheron horses been introduced in your county? If they give general satisfaction To the first 68 counties answer Yes To the second 51 answer Yes and 7 answered No And from the same report the average prices of good geldings and mares for farm use are higher in Union county where they were first imported than any other county in the State This certainly speaks well for the Percherons Every horseman knows these large well formed horse will always bring a good price in any market

New System of Wagon Brakes.

TRULLINGER PATENT BRAKE.

NO SHOES TO WEAR OUT THERE!

No Brake Bar used. Will hold a Wagon anywhere from Backing or going Forward.

THIS NEW BRAKE NOW BEING INTRODUCED by the inventor, J C Trullinger is a combination of friction gear applied to the hub of a wagon. It is simple and light yet has more strength and durability than any other wagon brake now in use. It is so attached to the wagon that it is out of the way of the gearing yet always reliable and at hand when required. Any teamster or mechanic can see at once its advantages and efficiency It will hold a load on a down grade or to prevent horse backing when required The Brake is made entirely of iron no wooden part being necessary as no brake bar is used hence it does not carry mud and is not affected by wet and muddy or icy roads.

We invite critical examination as we believe its merits can be demonstrated to any party who may or understands a wagon brake

MONDAY MORNING SEPT 9 1878

THE LEGISLATURE

We cannot suppose it will be contended by anybody that the common weal requires a session of the legislature every two years most, in fact would think it a happy circumstance if we didnt have a session for ten years to come We have on the whole quite as good laws for the conservation of social order as we are likely to get and experience abundantly proves that in putting in amendments and tacking on additions we take great chances of making the last state of our laws worse than the first

Nevertheless we have our biennial sessions, and will not only stick to them but will even preserve a positive interest in them, because they are customary, because they are founded in the constitution, and most all, because they furnish an exercise in politics and callow statesmanship, and gratify a glass who subsist on delusions with the idea that the legislature is "doing something for the country" This last supposition in every case is humbug, but as a people we return to it every two years with a confidence as fresh as if it had not deceived us ever since our habits of observation began.

Two out of three sessions the interest is heightened by the election of a senator of the United States Among metaphysicians there has for ages been great discussion in regard to the *summum bonum*, the chief good From the strife engaged in to attain it, the *summum bonum* is ascertained to be an election to the United States senate If the party which has the election of a senator in its hands be in power at Washington, the senatorship may be a prize to many, for the successful man will have means of taking care of all his friends. Just now the Democratic politicians are not only agonizing over the question who shall be senator, but the multitude are looking beyond with a view of having it arranged who shall be postmasters and collectors This last circumstance is what gives the present contest much of its significance The favorites of the successful man will expect their rewards Not that they really hope to prevail with Hayes, but they look forward with very great confidence to 1880, which after all may as cruelly deceive them as did 1876 But hope springs eternal, in spite of all adverse experience

Fortunately if the legislature is not likely to do much, there is little really that it can do with any profit or advantage to the state We have too many laws now rather than too few The senatorial election will probably consume half the session This state may be esteemed fortunate if the strife over this election be not prolonged so far that a great many other things will be lugged in with it. If it be not promptly settled different localities will be wanting to "pool their issues, and at last it will be settled by making merchandise of a great many public interests Such things have been known heretofore, and may occur again The really useful measures which the public interests demand are not numerous and may easily be considered and passed The fishery question is one that demands prompt attention We want a law to regulate the taking of salmon and to provide for their artificial propagation This is one of the leading interests of the state and should not be neglected. We know of nothing within the province of legislation at this time which is so important Many local measures will doubtless be proposed which may be considered as they are offered, and many of them are likely to be such as ought never to be offered at all.

"ENDORSEMENT."

It is mooted that there is an effort on the part of Senator Mitchell and his few active supporters to induce the Republican members of the legislature to hold a caucus, nominate him for the senate and give him the party vote. He and they are said to want this for his "endorsement" and "vindication." It is by no means probable that the assent of all the Republican members or even a majority of them, can be secured to this proposition. THE OREGONIAN isn't offering any advice, it claims no right to do so, and is entirely willing to leave with the members of the legislature, individually and collectively, the responsibility for all their official acts. But as the political consequences in this case would fall on their own party, the Republican members no doubt will be disposed to exercise a good deal of caution about "endorsing" Mr. Mitchell Efforts in that behalf heretofore have not been remarkably favorable to the success of the party It will be remembered, for instance, that the "endorsement" at Albany did not work well Likewise it was hardly a judicious policy to make the contest of 1878 on the platform of "Mitchell or nothing,"—for "nothing" was the result If there be any desire whatever to re establish the Republican party in Oregon a broader foundation must be laid than the 'endorsement" of Mr Mitchell He is not the rock on which the party may be founded but that on which it will forever split If a strong party be desired it would be as well to let the fact be known that there is something in the party outside of his leadership and the management of his personal adherents It is likely, however, that they care nothing for party except as they may be able to control it But it might be good judgment in them to reflect that there are a great many other people who entirely without political ambition or personal ends to be served through party or politics, refuse for that very reason to be the vassals of any system of partisan management for personal ends The people in the recent election pronounced against Mr Mitchell, therefore he is not entitled to an endorsement Had his record been satisfactory the Republicans would have carried the legislature by a good majority, and either he or some other Republican would be chosen senator But the legislature was lost simply in consequence of the effort to force his re-election How the party could under these circumstances be built up by proclamation on the part of its representatives that he is its chief and must still be accepted as such is not apparent We have no doubt however, that there are many Republican members of the legislature who are of opinion that it would be better to reject the idea that the party belongs to one man and is no other mission than to be a servant of his fortunes and the fortunes of his personal followers Nowhere has the Republican party ever met with success when conducted on this principle Is the reason which prompts Mr Mitchell to seek this endorsement by the legislature a public one or is it merely personal to himself? To ask the question is to answer it He wants it for political capital for the future but in it there is no capital for the Republican party Never since Mr Mitchell has been in the senate have the Republicans been able to carry the state when it was supposed that the result could be construed into any kind of endorsement of him Every election has told that story Besides the considerations already stated there is still another side to this question Oregon does not approve the course which Mr Mitchell has pursued on the subject of railroads Neither his opposition to the bill to compel the great monopoly to pay its indebtedness to government, nor his obstruction and delay of the Northern Pacific extension, resulting in its failure is satisfactory to the people, and it would be a further instrument of mischief in his hands if he could show next winter that he was backed even by the Republican minority of the Oregon legislature These are some of the reasons why it may be inferred that many of the members will decline to enter participate in and be bound by a caucus solicited for such a purpose

---

Thieves often develop an enterprise as ingenious as it is shameful The latest thing is an abuse of the public benevolence called forth in behalf of the yellow fever sufferers On Saturday certain persons in this city, taking advantage of the announcement that money would be solicited to help the plague-stricken people of the south, went round collecting from whoever would give, and made off with the money. They got no large sums, of course, but we hear that in one hotel they obtained in small contributions in aggregate of ten or twelve dollars How much they got in all cannot probably be ascertained Compared with this method of thieving, highway robbery is high morality It is hoped the rascals will yet be apprehended.

Water,' said a labor reform orator in his harangue Saturday night—"Water is God-given, and yet we have to pay for it Electricity is God-given too, and yet we have to pay for messages by telegraph And gold is God given, yet it is appropriated by the men who first find it and give their toil for it, while the man who works most with his own mouth on the streets gets least of it. Things are sadly out of joint

---

The Jacksonville *Times* urges Judge Prim for the senate Has he yet taken the oath of office for his new term? If he has, rival candidates for the senate are no likely to allow members of the legislature to forget the little disability in that oath They will be conscientious enough for that

---

It is now said that Slater has a pretty firm hold on the support of the whole delegation from the five eastern counties But, as the colored Baptist brother said by way of excuse for having squandered in wicked pastime the proceeds of a church fair, "de game, bredern, is very deludin"

Citizens on Saturday manifested universal willingness to contribute to the suffering people of the south The large sum collected within a very short time is strong attestation of their sympathy and liberality.

SPECIAL NOTICE.

I HAVE THIS DAY SOLD MY STOCK OF MERchandise and business to Messrs. OLDS & KING, to whom I recommend my old customers for anything in the Dry Goods line and bespeak for the new firm the patronage heretofore given to me JOHN WILSON

Portland Sept 2 1878

In referring to the above announcement and soliciting the patronage of the public, we beg to state that we feel confident from our long experience in this branch of business in this city, that we understand the wants of the trade, and will spare no pains to serve customers in a satisfactory manner. While we do not pretend to give goods away, or to be "selling at cost" our prices will always be at the lowest market rates and any inducement that can be offered will be cheerfully given. We will allow no misrepresentation at our store, but hope by careful attention and fair dealing to gain the confidence and support of the community.

All letters of inquiry will be answered promptly, and special care taken in filling orders. OLDS & KING.

MONDAY MORNING, SEPT. 9, 1878.

CITY.

COME THAN PLEASANT.—Late yesterday afternoon an accident occurred near the foot of Stark street, which narrowly escaped being a very serious one. A gentleman was out enjoying a sail, and had along with him several small children. The ferryboat was coming down and had approached to within fifty or sixty yards of the pontoon at the foot of Stark street. The sail boat was also coming toward the western bank, and was just preparing to tack when the collision occurred. There was not sufficient time for the sail boat to have tacked and cleared, but the person who was sailing the boat became confused and alarmed and put his boat directly in the way. Capt. Robinson, of the ferry, fortunately saw the sailboat in time, and signaled for the engineer to slow down, which he did. However, the momentum of the ferry was not sufficiently retarded to avoid colliding. One corner of the ferry struck the sail boat about midship, knocking a small hole in the keel. Very fortunately the boats were moving quite slowly. Had the ferry been coming in at the usual rate of speed the sail boat would have been capsized and run under in an instant. The children were assisted on board the ferry boat as soon as the hole was stove in the small craft. Everybody who witnessed the accident was frightened for an instant and felt certain that some would find watery graves; but the danger was quickly passed, and nothing more serious to record than a slightly damaged sail boat. After the accident the damaged craft was towed down to the boat house for repairs.

JOHNSON'S PHOTOGRAPH.—A few days ago Chief Besser received from the police authorities in San Francisco a photograph of the notorious James Johnson, knowledge of whose present whereabouts is so generally desired. The photograph was taken four or five years ago, but is pronounced by those who know the fugitive to be an excellent likeness of him. Chief Besser has ordered a large number of duplicates to be taken. These photographs will be very extensively and judiciously distributed. One will be sent to the sheriff in this state, Washington territory, British Columbia and Northern California. A number of these photographs will also be distributed among pursers on the various lines of steamers, and conductors on the railroad lines. Wood cuts of the photograph are being executed, and impressions will be struck off and distributed in every direction. Johnson will no doubt have an interesting time to make his escape from this country when hundreds of his "counter resentment" are sent far and wide.

PORTLAND SEAMEN'S FRIEND SOCIETY.—The meeting held yesterday by this society was held on board the beautiful ship *Bankfields*, Capt. Quinn. Quite a number of ladies and gentlemen were present, and an unusually large attendance of officers and seamen belonging to the numerous ships now in port. Every arrangement for the convenience and comfort of the worshipers present had been made by the gentlemanly officers of this vessel. Excellent attention was paid to the words of instruction, council and encouragement so ably uttered by Chaplain Stubbs. He spoke from his heart to the men of the sea, among whom he evidently has had extensive experience as a seafaring man. This field is ripe and we can but bespeak prosperity and success for all engaged in it.

AT THE HOSPITAL.—A man, who gave his name as J. P. Harris, came about a week ago to St. Helens, and took up quarters at a hotel there. He began to drink excessively and soon was in a condition closely bordering on delirium tremens. Friday morning, at an early hour, Harris, while in a fit of abstraction, or distraction, walked off the back porch of the hotel, and was gathered up with a fractured ankle. He was placed by Sheriff Conyers in charge of a man named Blakesly, who brought the injured man to this city on Friday, and Harris is at present an inmate of St. Vincent's Hospital, where he is receiving proper medical attention.

FALSE ALARM.—A few minutes past 11 o'clock yesterday forenoon an alarm of fire was sounded from No. 2's house. The department responded, but the alarm was a false one. It was occasioned by the gong in No. 2's engine house being struck twice. Those who were in the engine house at the time, hearing the gong tap, naturally supposed there was a general alarm and the bell striking. As the big bell did not strike at all the fire alarm telegraph must be out of order, or some one was meddling with the machinery.

FUNERAL.—The funeral of the late Joseph Bushel, who died at St. Vincent Hospital Friday, took place yesterday from that institution, and was largely attended. Deceased was a member of Protection No. 4, and members of that company and delegations from the various engine companies of the city were in attendance. The cortege was preceded by the members of the Washington Guard Band, who discoursed the slow and solemn melancholy strains of the dirge while on the way to the grave.

SUPPOSED SUICIDE.—A young man named Charles Zimmerman committed suicide at Linnton Saturday morning on a lot adjoining Clemenko's Hotel. The weapon used was a pistol recently purchased at Fostner's a few days ago. He had been in Salem but a few days, having previously lived a short time at Linnton station. No cause is known for the rash act, and no clue whatever. About $45 was found upon his person. Nothing is known of his history or previous life.

U. S. CONCERT.—The Sunday school concert which was given last evening at the First Baptist church, under the personal direction of Prof. C. C. Morse, was very numerously attended, and proved both interesting and attractive. A most excellent and varied programme was rendered, which afforded much gratification to the large audience. The concert must be recorded as successful and creditable in the highest degree to all who participated.

SALMON HATCHING.—The prospects of the salmon hatching establishment of the Clackamas are very flattering, and we are informed that eight or ten million young salmon will shortly be turned out there this year. The success of this establishment is an assured fact, and the founders deserve encouragement and aid from the public in the effort to foster and make permanent such an important branch of the commerce of Oregon as her salmon trade.

DALLES RELIGIOUS SERVICES.—Bishop Morris will officiate at the Dalles on Wednesday evening of this week on his way to Eastern Oregon, and Mr. John Sellwood on Sunday next, administering the holy communion. The bishop has an appointment at Canyon City for the 15th, at Baker City the 22d, in Grande Ronde valley the 29th, at La Grande and Pine Grove on the 6th of October, at Walla Walla on the 13th, and at Lewiston on the 20th.

ACCIDENTALLY KICKED.—News reached this city on Saturday evening of a fatal accident which occurred at Astoria. Harry Ireland, a boy 12 years of age, son of D. C. Ireland, editor of the *Astorian*, was kicked by a horse and killed. Mr. Ireland came up from Astoria on Saturday, and soon after arriving here received the very sad intelligence. He chartered a boat yesterday morning and went down the river.

Y. M. C. A.—The board of management of the Young Men's Christian Association of this city will hold a meeting at the association rooms this evening at half past seven o'clock. Important business will come before the board for consideration, and every member is urged to attend the meeting.

PURCHASE A TICKET.—The children of our public schools are to be commended for the zeal in behalf of the Southern sufferers. There is no one will refuse to purchase one of these tickets for the exhibition to be given this (Tuesday) evening. Whether you are able to go or not, buy the tickets.

Forty-five pieces silks, in all colors, at M. Hamilton Bros. & Co's, 125 First street, next to the National bank.

YELLOW FEVER SUFFERERS.

Pursuant to previous notice a meeting was held last Saturday evening at the council chamber by the committee appointed last Thursday evening to canvass the city in aid of the yellow fever sufferers.

Mr. Wesley Jackson, chairman, presiding, and Joseph Bachman, secretary, present.

Minutes of the last meeting read and approved.

The several committees made the following reports as to amounts collected:

North district, by Jackson	$3,077 50
South district, by Bachman	880 00
Western district, by Kapus	437 50
Total	$4,395 00

On motion the following distribution of the money was adopted:

To Memphis, Tenn	$2,000
To Vicksburg, Miss	1,000
To New Orleans, La	1,000
Total	$4,000

On motion the treasurer, Hon. Henry Failing, was authorized to forward the amounts collected to the Howard Association of each city. A telegram was received from San Francisco to the effect that the contributions from that city were sent in that way and had reached their destinations safely and promptly and been distributed.

The following resolution was unanimously adopted:

Resolved, It having come to the knowledge of the undersigned committee that unauthorized and irresponsible parties have undertaken to collect money ostensibly for the yellow fever sufferers of the south, the committee would request in order to prevent deception, that no money for the above purpose be paid to anyone except to the undersigned, as they alone have been deputized and authorized by the citizens of Portland to receive such moneys.

Wesley Jackson, John B. Foster, Sol Hirsch, C. C. Bronaugh, G. H. Chance, Jos. Bachman, S. Blumauer, Wm. Kapus, R. Weeks.

On motion the meeting adjourned until 7:30 o'clock this evening.

MILITARY NOTES.

Leave of absence for one month, with permission to leave the limits of this department and to apply for an extension of six months, is granted Major George B. Sanford, of the 1st cavalry.

Capt. David Perry, 1st cavalry, will take charge of all enlisted men now at Fort Vancouver, W. T., belonging to the 1st cavalry (except those belonging to Co. L) and 2d infantry, and proceed with them without delay to Fort Walla Walla.

Surgeon Alfred A. Woodhull, U. S. A. will report in person without delay to Capt. David Perry, 1st cavalry, for duty with detachments of recruits en route to Walla Walla. Upon the completion of this duty he will return to his proper station in the department of California.

2d Lieut. S. F. Hancock, 2d infantry, will report in person, without delay, to Capt. David Perry, 1st cavalry, for duty with detachments of the 1st cavalry and 2d infantry, en route to Fort Walla Walla. Upon his arrival at Walla Walla, Lieut. Hancock will take charge of the recruits and men at the post belonging to the 2d infantry, and proceed with them without delay to Fort Lapwai, I. T., reporting upon his arrival at that post to the commanding officer for further orders.

BRIEF NOTES.

Legislature.

Ancon has arrived.

Smoky, windy and dusty yesterday.

"The Chinese must go" says Mart Taylor, that great(?) labor reformer.

Boat sailing and buggy riding were the principal amusements yesterday.

The barbecue at Canyon Garden was a very successful affair yesterday.

Salem will be all astir until after the adjournment of the legislature.

On Tuesday evening next Rev. Mr. Hewes will lecture in the M. E. church, giving views of Palestine and the Holy Land, illumined with the famous calcium light.

There will be a stated conclave of Oregon Commandary No. 1, Knights Templar, at their asylum, Masonic Temple, to-morrow (Tuesday) evening at 7½ o'clock. Sir Knights are requested to be present.

A general knock down and drag-out took place Saturday at the St. Louis Exchange saloon, on First street during which fuse of the combatants received a severe cut on the head. Both parties were arrested.

POLICE COURT NOTES.

A Prince & Co.'s Organs. Both instruments received first premiums at Oregon State Fair, 1877. The Decker & Son New Scale Upright, with the latest patent improvements, is acknowledged to be the Best Piano now manufactured in the United States.

Mrs. Dr. Burr, Homeopathic physician and Electrician, has removed to the large and commodious rooms in the building of the Young Men's Christian Association, First street, between Alder and Morrison.

GEN. HOWARD AND CHIEF MOSES.

LATEST FROM PRIESTS' RAPIDS—GEN. HOWARD AND COMMAND CAMPED AND WAITING FOR MOSES — CONFERENCE, IT IS HOPED, WILL AVERT TROUBLE AND RESTORE CONFIDENCE.

[SPECIAL DISPATCH TO THE OREGONIAN.]

PRIESTS' RAPIDS, Sept. 3,
VIA UMATILLA, Sept. 7, 1878.

The steamer from Wallula arrived here August 31st with Gen. Howard and staff and three companies of the 4th artillery, with one gatling gun, and three companies of the 8th infantry, under command of Col. H. R. Mizner. Capt. Miles' column that left Walla Walla is sixty miles from here on our right, camped on Crab creek. Gen. Howard dispatched messengers to Moses on our arrival here. This morning a nephew of Moses arrived with intelligence that he with his men would be here by Thursday. The council will take place on his arrival and probably continue two days. The conference will be the means of averting a prolonged war next summer. Moses is desirous of meeting with representatives of the government and settle all differences that may exist, and, though not a reservation Indian, gives earnest of his friendship and good feeling toward the whites. The command is encamped at the foot of Priests' rapids. The conference will take place here. Think we will have a peaceful time, but are prepared for the worst.

JEFFERSON HOSIERY BURNED.

Our regular correspondent, writing from Jefferson under date of the 7th, sends the following in regard to the destruction of the Jefferson hosiery:

Last evening about 11 o'clock the citizens of our quiet village were roused from their nocturnal slumbers by the alarm of "fire!" which ran quickly from house to house, until the whole city was alarmed. The first intimation of the presence of the devouring element was in the reflection of the light of the burning building on the flouring mills where the men were still at work. Quickly the alarm was given, when all flew to the rescue of such articles as might be saved from the general conflagration.

Working with herculean strength E. N. Thomas and others succeeded in saving nearly all the yarn and socks on hand. But everything else, including building and machinery, is a total wreck.

This factory was incorporated several years ago with a capital stock of $10,000. For a while it did exceedingly well, carrying on an extensive business with California as well as Oregon and Washington territory in manufacturing the much celebrated "Shaker" stocking, turning off work aggregating, it is said, from $60 to $80 a day. But in time rivalry and jealousy crept into the corporation. Law suits were commenced; bankruptcy followed. Ultimately it fell into the hands of A. L. Stinson, the present proprietor. Loss not estimated; insured for $3,000. The property was already sold for a half interest in the Snowden mineral spring farm, near Dralle's Station on the O. & C. R. R., and the deeds were to have been exchanged on Monday next.

PFUNDER'S OREGON BLOOD PURIFIER.

The great Oregon Botanical Remedy! A Family medicine for this country! Made from Oregon Roots and Herbs by an old and reliable Oregon House.

The Oregon Blood Purifier does not claim to cure every disease in existence as is advertised by a majority of Eastern patent medicines, but it is a relief, a help, and in most cases a cure for Liver Complaint, Dyspepsia, Kidney Disease, and kindred ailments.

It purifies the blood, removes all scrofula, sores, pimples on the face, &c., &c.

To females in pregnancy it greatly relieves all nausea and vomiting, cleansing and purifying the blood, giving a brilliancy and beauty of complexion.

Take it home to your families—give it to the ill the ones when they are costive, bilious or feverish; it will help them. Take it yourself when suffering from liver complaint, kidney disease or dyspepsia.

For sale at every drug store in Oregon.

Don't shake yourself to pieces with Ague and burn up with Fever when you can prevent and cure it by using the Oregon Remedy, The Willamette Fever and Ague Mixture! Buy it! Try it! Sold by all Druggists.

Liver is King.

The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

Frederick F. Lorentz, who was kicked by a horse on a farm near the Dalles six weeks ago, is dead. He was buried with Catholic rites.

On Friday morning at 2 o'clock the residence of J. W. Brazee at the Cascades was destroyed by fire. Insured in the New Zealand company for $1,800.

The dwelling house of Sam'l Schaffer on Three Mile creek, Wasco county, was burned a few nights ago. The occupants, an old couple, were left destitute by the accident.

I. B. Ingles, alias James Crank, is under arrest at Roseburg for forging notes on S. Halpaine and G. W. Fisher, of Douglas county. These he negotiated. He also offered notes on other parties. He is booked for a term at Salem.

At Prairie City, Grant county, some days ago, Ed. McKey, 19 years of age got into some trivial dispute with Thos. Gurney, an old pioneer of the county, and rushed upon him with a knife. The latter started to run, but was overtaken. McKey plunged the knife into him several times, causing his death instantly. The murderer escaped. Both men were in liquor.

The *Standard* has a letter from Grant county which states that Rattlesnake Jack—the Indian war being over—has taken to the highway with a "pal" known as Arizona Jim. They stopped a traveler at Cummings' Bridge, and were going through him when Jim recognized him, and made Jack give him back the property. Jack didn't like to, but Jim enforced compliance with his revolver. The traveler had once done the Arizona highwayman a kindness, and he thus repaid it.

A few days ago at Jacksonville articles of incorporation were signed by C. C. Beckman, Alex. Martin, J. M. McCall, E. D. Foudray, John E. Ross, Jacob Isb, M. Hanley, R. D. Hume, J. N. Miller, John Orth and N. Langell. The object of the company is to construct and equip a narrow gauge railroad from Rogue river valley to the sea shore, at a point to be determined by survey. The capital stock is fixed at $2,000,000, divided into shares of $200 each. The length of the road will probably be less than 100 miles.

OUR DEPARTED BROTHERS.

RESOLUTIONS FOR THE TAKING AWAY OF WALTER MOFFETT AND GEORGE COGGAN.

PORTLAND, Sept. 5, 1878.

To the Officers and Members Willamette Engine Co. No. 1, F. F. D.—SIRS: We, your committee appointed to draft resolutions expressive of our late comrade, Walter Moffett, beg leave to submit the following preamble and resolutions:

IN MEMORIAM.

WHEREAS, It has pleased the Supreme Engineer above to summon from our ranks by death our late friend and comrade Walter Moffett; and

WHEREAS, It is but just and proper that we, as a company, should place upon record a testimonial of our respect and esteem for him as a member thereof; therefore be it

Resolved, That in the death of Walter Moffett this company has lost a most worthy member, a true, warm hearted friend, whose hand was ever open to relieve the wants of the destitute, and whose generosity was proverbial among those who knew him best.

Resolved, That we shall miss his wise counsels in our consultations, where it has so often led to judicious results, and his cheerful response at roll call.

Resolved, That the department has lost an active member, and the community an enterprising citizen, who ever had at heart the best interests of the city, and whose means and influence have contributed largely to the present prosperity of the municipality.

Resolved, That to his bereaved family, to whom he proved a loving, affectionate husband and a kind, indulgent father, be extended our heartfelt sympathy in this their great bereavement, and can only commend them to the care and protection of Him who doeth all things well, and to whose divine will we can but humbly submit.

Resolved, That a copy of these resolutions be furnished the family of the deceased as a mark of respect for his memory and our condolence with them in this their hour of tribulation.

Resolved, That these resolutions be published in the daily newspapers of this city, and that our hall be draped in mourning for thirty days.

Respectfully submitted,
FRANK E. HODGKIN,
P. D. W. HARDENBURGH,
W. T. EVERSON.

PORTLAND, Sept. 5, 1878.

To the Officers and Members of Willamette Engine Co. No. 1:—We, your committee appointed to draft suitable resolutions upon the death of our brother firemen, George Coggan, beg leave to submit the accompanying preamble and resolutions:

WHEREAS, We have learned with profound sorrow of the sad and melancholy death of our friend and associate George Coggan; who was ruthlessly murdered by the hostile Indians during the late Indian war in Eastern Oregon; and while we bow in humble submission to the decree of an all wise Providence, desire to leave upon record some manifestation of our love, regard and esteem; therefore

Resolved, That the members of this company have received the sad intelligence of the death of George Coggan with feelings of profound sadness and sorrow. By his long and earnest service as a member of the company, as well as by his uniform courtesy and kindness, he endeared himself to all his brother firemen, and now at the close of his earthly career they find a melancholy pleasure in giving to his memory this public expression of their respect and regard.

Resolved, That, knowing and appreciating his merits, we shall always look back with pleasure to the agreeable and delightful intercourse which has been so suddenly interrupted, and shall ever regret his death as a great loss to his family and friends and to this company, of which he was an honored member.

Resolved, That we sincerely sympathize with the family of the deceased in this their sad bereavement.

Resolved, That a copy of these resolutions, attested by the president and secretary of the company, be furnished the family of the late brother, as a mark of respect to his memory and of our condolence with them in this their hour of tribulation and sorrow.

Resolved, That these resolutions be spread upon our records and also published in the daily papers of the city, and that our hall be draped in mourning for the period of thirty days. Respectfully,

JOSEPH SIMON,
P. D. W. HARDENBURGH,
A. H. TANNER.

Dr. Mintie's Vegetable Nephreticum.

Does it cure all? No! It is intended for diseases of the Kidney and Bladder. This great Tonic supplies a want long felt by a certain class of sufferers, and is taking a high rank among remedial agents in this country. First. Because it is made SPECIALLY for kidney and Bladder complaints, the different ingredients of which it is composed acting conjointly upon the muscular or mucous coats of these organs. Second. The combination is the result of large experience and careful study, both of the organs and their diseases. Third. The best materials (which are purely vegetable) are selected and used in its manufacture. It acts on inflammation of the Kidneys or Bladder, pain or heaviness in the back and loins, with drowsiness and feeling of languor the NEPHRETICUM will give immediate relief, and a free use a perfect cure, by strictly following directions. Price $1 25.

Dr. Mintie's English Dandelion Pills.

Do they cure everything? No. They are intended for diseases that result from malarial poison and a deranged liver. Symptoms of a disordered liver—dull pain in the side and shoulders, loss of appetite, coated tongue, costive bowels, sick headache, drowsiness, weight in the stomach, often acid, fair with acidity and belching up of wind, low spirits, loss of energy, unsociability, and forebodings of evil. Delay is dangerous. Many of the leading citizens of Portland, from experience will vouch as to the superior virtue and value of these two specialties. Price 25 cents per box. To be obtained of all druggists.

Letter from Rev. John McMurray.

I cannot but regard the discovery of Fellows' Hypophosphites as a matter of devout thankfulness to a benign Providence.

I have used it myself, and also recommend it to others, and find variably found it to be of essential benefit.

In bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility, in giving tone to the system, it is undoubtedly a valuable remedy. J. McMURRAY, Methodist Minister.

Newport, N. S.

The St. John Telegraph says: "The invention of Fellows' Hypophosphites has become one of the valuable industries of the country, unique of its kind, and a credit to the Dominion of Canada."

Power of Speaking Restored.

NEWARK Del., D. C., March 30, 1870.

Two months ago my son lost his voice. None of the physicians could do him any good. I obtained a bottle of Fellows' Compound Syrup of Hypophosphites, and strange to say, my son's voice was restored two hours after taking the second dose.

There will be a full corps of faithful and experienced assistants, among them Mr. Louis Miner, already favorably known to the patrons of the School.

Among the very satisfactory testimonials that Bishop Morris has received concerning Prof. Hill, are the following:

YALE COLLEGE April 25, 1878.

This may certify that Mr. Joseph W. Hill has had ample experience in teaching, is mature in years, and is well fitted to take charge of a High School. He is a man of excellent character, and cannot fail to give satisfaction as a teacher.

DR. PAUL M. BRENAN,

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Private Diseases,

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS

public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease, in plain and comprehensive language. But where he has found them crushed and broken down by disease, mentally and physically, he has restored them to health and happiness, for it is well understood that without health there can be no happiness.

DR. BRENAN

has made a specialty in the treatment of the following diseases: Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs, including Spermatorrhœa, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success, not only on this Coast but throughout the whole United States. Diseases of the stomach, bowels, liver and kidneys as well as all diseases of the blood and skin, he has a master of, and never fails to give relief at once, and permanently cures the case if he is applied to in time.

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and imperfectly familiar with all female complaints, and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.

THE DOCTOR HAS THIS ADVANTAGE

over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success.

All surgical operations can be performed by his skillful hand, and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally, and will forward the proper medicines, or instruments, to any part of the country with full instruction and advice. Each letter requiring advice or list of questions, must contain two postage stamps.

Everything strictly confidential and honorable.

THE DOCTOR

has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify.

CAUTION.

Persons coming to Portland, requiring medical treatment of the proper kind, who desire to consult with me, will please beware of persons who may try to cozen them away to other so-called Doctors, through pretended friendship for the patients. Look out for them: they are knaves, prompted by selfish motives and what they can make. Be sure and ask for DR. PAUL M. BRENAN, the *Medical Lecturer*, and read his sign on his door.

TRUST INVESTMENT COMPANY

OF SCOTLAND.

Office, 48 First street, Portland.

Mortgage Loans at Ten per cent. on Real Estate Security only.

MONEY TO LOAN AT ALL TIMES FOR periods of three to five years, repayable by annual installments or in one sum, just as the borrower may prefer when he takes the Loan.

Persons desiring to build their own Homes in Portland, or Farmers wishing to improve their Farms and repay the cost of their improvements by half-yearly or annual payments (instead of paying away rents), are recommended to try the Trust Company's Investment (Building) Plan.

Installment Plan, 10 per cent.

$365 every half year for four years wipes off every $1,000 borrowed, interest included. $329 50 every half year for five years wipes off every $4,000 borrowed, interest included. In no instance and under no circumstances will the loan ever run long enough money to induce borrowers to allow a foreclosure.

BEAUTY:

OR, THE

Secret of a Fair Face.

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate, possesses that basis and startling polish of real beauty—a pure and clear complexion. What nature has thus denied, art must in called upon to furnish. It can be done; it is done daily. Prof. W. E. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that startling article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion. It conceals all natural blemishes in the most surprising and perfective manner. It removes all roughness, eruptions, redness, freckles, and tan with magical power. It drives away all evidences of fatigue and excitement. It makes the plainest face beautiful. It gives the complexion a dazzling purity and makes the neck, face, arms appear perfectly round and plump. It makes a woman of forty-five look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The Magnolia Balm is not a cosmetic, but is a perfect beautifier, is as harmless as water, is as delicate to the effects that the closest observer cannot detect its use. Ladies who want to make themselves attractive can make an utterly certainty of it by using Hagan's Magnolia Balm, and will know of no other way. It is the cheapest preparation in the world, as a little goes a long ways, and a trial will convince any one of this fact.
